PROFESSIONAL SUMMARY

Software Engineering undergraduate at SLTC Research University with a solid foundation in software development, programming, web technologies, databases, and problem solving. Hands-on experience through academic and team-based projects using Java, Python, C, JavaScript, HTML, CSS, MySQL, Git, Docker, Flask, FastAPI, and MLOps tools. Seeking a Software Engineering Internship to apply technical skills in real-world software development and contribute effectively within a collaborative engineering team.

TECHNICAL SKILLS

Programming: Java, Python, C, JavaScript

Web Technologies: HTML, CSS, JavaScript

Backend: Python Flask, FastAPI

Database: MySQL

Tools & Technologies: Git, Docker, DVC, MLflow, Apache Airflow, DAGsHub

Operating Systems: Windows, Linux

PROJECTS

Inventory Management System

- Developed a web-based inventory management system using HTML, CSS, JavaScript, Python (Flask), and MySQL.
- Implemented product, supplier, purchase, and sales management modules.
- Built automated stock updates, low-stock alerts, analytical reports, and dashboard visualizations.

End-to-End Customer Churn Prediction with Full MLOps Pipeline

- Developed a production-oriented telecom customer churn prediction pipeline using Python and Scikit-learn.
- Implemented DVC for data versioning, MLflow for experiment tracking, and Apache Airflow for workflow orchestration.
- Developed REST API deployment with FastAPI and containerized the system using Docker; managed the ML lifecycle through DAGsHub.

University Attendance Management System

- Collaborated within a team to develop a student attendance management system.
- Contributed to system design, development, and testing activities.

Personal Portfolio Website

- Designed and developed a responsive portfolio website using HTML, CSS, and JavaScript.
- Implemented responsive layouts and user-friendly navigation.

Global Unity Website

- Developed a team-based website as part of the Human Factors in Computer Systems module.
- Participated in front-end development and content integration.

EDUCATION

BSc (Hons) Software Engineering — SLTC Research University, Sri Lanka

Expected Graduation: 2027

CERTIFICATIONS & ACTIVITIES

- ICET Certified Master — Institute of Computer Engineering Technology (2026)
- Certificate in Computer Applications — National Youth Services Council, Panadura (Merit Pass, 2019)
- IEEE Student Branch Member — SLTC
- IEEE WIE Student Branch Affinity Group — SLTC Member
- InspiHer[Tech]V2.0 — IEEE WIE Student Branch Affinity Group at SLTC
- MATLAB Session Series

SOFT SKILLS & LANGUAGES

Soft Skills: Teamwork, Problem Solving, Communication, Time Management

Languages: Sinhala — Native Proficiency | English — Professional Working Proficiency
